OBJECTIVE

Python Full Stack Developer Intern experienced in Django-based web applications, REST APIs, database integration, and React frontend development. Seeking junior full-stack or backend developer opportunities.

EDUCATION

Higher Secondary Education (12th HSS), Kerala State Board Expected June 2026

SKILLS

Languages	Python, JavaScript
Frontend	HTML, CSS, React, Tailwind CSS
Backend	Django, REST APIs
Database	SQLite, MySQL, SQL
Tools	Git, GitHub, VS Code, Render, Vercel

EXPERIENCE

Junior Python Full Stack Developer Intern Aug 2025 – Present
Tegrand Infotech, India

- Developed Django-based full-stack web applications with REST API integration.
- Implemented authentication systems, CRUD workflows, and backend business logic.
- Integrated React frontend components with Django backend APIs.
- Managed database operations using Django ORM, SQLite, and MySQL.
- Used Git and GitHub for version control and collaborative development workflows.
- Deployed and tested applications using Render and Vercel.

PROJECTS

FoodZ Website – Python, Django

- Developed an online food ordering platform with menu browsing and order management functionality.
- Implemented backend workflows and database integration using Django ORM.

Blog Website – Python, Django

- Built a blogging platform with authentication, post management, and CRUD functionality.
- Implemented form validation and database operations using Django.

Authentication and CRUD Mini Projects

- Developed learning-focused applications using Django and Django ORM.
- Practiced authentication systems, routing, models, views, and API workflows.
